Don’t be found guilty of using an outdated criminal law library. Now that Criminal Law has been completely revised, you really don’t have a defense!
The 2005 revision of Criminal Law reflects the changes in criminal law and practice that have occurred over the six years since the publication was last updated. With more than 1,500 pages, Criminal Law has expanded to three volumes of case law, statutory law (current through the 2003 Oregon legislative session), rules, and practice tips.

In addition to serving as the chief reference guide on criminal law for Oregon judges, defense lawyers, and prosecutors, Criminal Law is also an invaluable resource for civil practitioners who handle the occasional criminal law case.

Highlights:
- Aftermath of Blakely regarding a court’s ability to impose a sentence above the standard range set forth in the sentencing guidelines
- Aftermath of Crawford regarding the admissibility of testimonial hearsay
- New chapter dealing with the exclusionary rule, fruit-of-the-poisonous-tree doctrine, and motions to suppress
- Recent search-and-seizure cases concerning searches of trash containers and searches conducted under the emergency aid doctrine
- New cases holding that substance dependency and alcohol dependency are personality disorders, not mental diseases or defects
- Relationship between Fifth Amendment right to counsel and Sixth Amendment right to counsel
- Discussion of when and why a court may impose monetary obligations
- Developments in Oregon’s death penalty system
- Analysis of habeas corpus since the Antiterrorism and Effective Death Penalty Act of 1996
- Effect of confidentiality laws and victims’ rights on discovery
- Strategies and expert advice for negotiating cases
