Vitolins.

From its humble beginnings as a 200 page handbook in 1965, the OSB's Criminal Law has grown to a 3-volume comprehensive treatise. With over 2,000 pages and over 4,000 cases, statutes (current through the 2013 Oregon legislative session), rules, and practice tips, *Criminal Law* promises to be a valuable resource for any attorney practicing criminal law. This eighth edition incorporates significant new material on sentencing, search and seizure, arraignments, pleas and release, pretrial motion practice, and a variety of other topics. We anticipate a release date of early winter 2013.

### Highlights:

- When does police misconduct lead to suppression of evidence?
- Should you fight extradition?
- Will your DUII client be required to use an ignition interlock device?
- When does jeopardy attach?
- What constitutes an effective waiver of Miranda rights?
- Can a client withdraw their plea?
- How do you preserve issues for state postconviction and federal habeas relief?
- And much more...
