1999

List of candidate's professional and community activities, professional history and reason for running for this position.

Reason for Running for BOG: I want Southern Oregon Attorneys to have a true impact on the voice, direction, and priorities of the State Bar as a whole. The Covid crisis has moved the Bar to adopt virtual meeting opportunities which allow amplification of non-Portland centric voices, which I hope can continue through agile use of technology past the current crisis. I desire to use my skills, curiosity, and communication style to create true engagement with bar members throughout the State. Our Bar can be a leader nationwide as a place to encourage all members to flourish and be heard, and provide resources and budget priorities to carry out aspirational goals. My volunteer record since I first became licensed to practice law set forth below speaks to my long term commitment to youth education, women and marginalized citizen empowerment, and creative engagement as a means to increase realizing the potential of all in our community, lawyer and citizen alike. I also firmly believe organizational volunteers should serve for limited duration to give of themselves and then step aside to make way for new voices to be heard so that service opportunities exist for all who desire to lead.

Legal Organization Affiliations:
