I have been a lawyer for going on 17 years, prior to that I was a paralegal and law clerk for 9 years, so, 26 years of total experience working in a law firm. I think I bring an important perspective to the Board of Governors concerning running a law firm, trial practice, helping under privileged people, and representing generally those with less resources than those who are defending the claims (I always represent the little guy against insurance companies, corporations, employers, etc). My main practice areas include representing victims of Nursing Home Abuse and Neglect, those injured in motor vehicle collisions, those injured by defective devices, and victims of medical negligence. So, a fairly broad personal injury practice. I am running for the Board of Governors because I care deeply about the practice of law and would like to be involved as much as possible.
