Lewis & Clark Law School
<i>Date Admitted to OSB</i>
May 14, 2012

*List of candidate's professional and community activities, professional history and reason for running for this position.*

I am privileged and thrilled to be a member of the Oregon State Bar and submit my candidacy for the Board of Governors to support the Bar's commitment to innovation and service to the community. As described in the OSB Mission Statement, we serve justice and the public interest, and through service to the Bar I hope to give back.

I have volunteered with the OSB to contribute my skills in support of the bar's mission. I served on the OSB Futures Task Force, Innovations Committee, which in 2017 produced a report recommending practices to prepare the bar for the pace of change. I thereafter served on a bar task force on proposed changes to the RPCs. I am twice past chair of the Technology Law section and was a member of that executive committee until 2020. I am a member of the Business Law section executive committee and current chair of the Intellectual Property section. I have found at each opportunity that meeting my colleagues in the bar, contributing to an intellectual discourse, and implementing practical changes is rewarding. I am pleased to count you all as my professional colleagues.

Our bar membership is aging, with fewer members maintaining active status, among other challenges to access to justice. Moreover, the rule of law is under threat and trust in institutions has fallen. Through civic participation —and as members of a profession we have an accessible avenue to participate in discourse on our shared values—I believe we can develop critical dialogue and look optimistically to the future.
