

Certified Pro Bono Program Application

Oregon Pro Bono programs may become certified through a process authorized by the Oregon State Bar under the Board of Governors' Policies on Pro Bono contained in [Bylaws Section 13](#). Programs that meet the certification requirements are eligible to receive free PLF coverage for PLF-exempt attorney volunteers.

To be eligible for certification, a pro bono program must:

- Be sponsored by a national, state or local bar association, a court with jurisdiction in Oregon or an incorporated, non-profit or governmental organization, and provide legal services without fee, or expectation of fee, or for a substantially reduced fee to one or more of the following:
 - 1) Persons of limited means,
 - 2) Underserved populations with special legal needs, or
 - 3) Charitable, religious, civic, community, governmental and educational organizations in matters which are designed primarily to address the needs of persons of limited means or underserved populations with special legal needs.
- Not provide any compensation to the participating lawyers, except to cover filing fees or other out-of-pocket expenses or to provide professional liability insurance for the pro bono activity.
- Deliver legal services to clients at no fee or for a substantially reduced fee. Nominal administrative fees are allowed. Donations from clients, whether encouraged or not, are not considered fees. The pro bono program should prohibit or limit the handling of cases that are clearly fee generating, and provide for the referral of such cases.
- Demonstrate that it has the necessary expertise and quality control to administer a program involving volunteer lawyers. This should include appropriate matching of pro bono lawyers to cases, an effective grievance procedure and adequate tracking and record keeping systems regarding pro bono involvement.
- Comply with Article 10 of the Bar's Bylaws (Diversity), both in regard to participating lawyers and clients.

The Executive Director of the Oregon State Bar, in consultation with the Professional Liability Fund, determines if a program is eligible for certification.
