

Cracks in the Foundation: Problems with Internet and Tech Companies

Cosponsored by the Technology Law Section

Register at osbar.org/seminars (search for TECH22)

Review the latest technology law concerns essential for your practice. Delve into case studies in online predation of kids and what's next regarding regulation of technology companies. Learn about the challenges to building trust in artificial intelligence. Explore data bias, model bias, and explainability in machine learning and the evolving US/EU regulation for accountability, governance, and oversight of artificial intelligence systems.

Technology Section members save \$10 off registration rates.
