This year's conference taking place at Skamania Lodge will follow the usual format with general sessions as well as breakout sessions for deeper dives into land use and real estate topics. The program begins Thursday evening with the wine social. Delve into real estate and land use case law and legislative updates. Learn about implications from *Sheetz v. County of El Dorado* and negotiating and drafting easements. Real estate breakout session topics include legally removing non-tenants, litigation of residential real estate disclosures, a primer on commercial lease agreements, indemnity clauses in real estate agreements, and HOA disputes. Land use breakout session topics include land use conditions of approval, the evolving law of bi-state land use planning in the Columbia River Gorge National Scenic Area, avoiding pitfalls at LUBA, a Goal 3 and Goal 5 update, and hot topics in environmental issues in land development. Explore your ethics requirements and why real estate and land use lawyers should care about disability law.

Following the conclusion of Friday's program, please join your colleagues at the hosted reception.
