This year's Litigation Institute & Retreat includes the transformative role of generative artificial intelligence (GenAI) in law and litigation practice. Examine compelling case studies showcasing how GenAI is revolutionizing legal processes. Explore the application and impact of GenAI concepts to real-world scenarios. Review the ethical considerations and potential challenges associated with the integration of GenAI. Lessons learned from pandemic and post-pandemic virtual trials will be shared, as well as the art of personal advocacy in the age of technology. The return of the Litigation Institute in 2024 is perfect for veteran litigators and rising stars alike.

Please join the Litigation Section in presenting the 2024 Owen M. Panner Professionalism Award to Stephen F. English.
